- Professor Jewell could have interacted with his students a bit more by sending out a couple Canvas messages or emails checking in with everyone and offering additional assistance if necessary.
- While I know this is an asynchronous course. I wish with the slides we read through, Mr. Jewell had a video of himself going through the material.
- idk
- The order of the chapters and how they paired with the homework was a little confusing. There weren't as many examples in the notes as I would have liked.
- The professor was amazing and did not have any weaknesses.
- it was an online asynchronous course so there is not much to say

19 - Please comment on any teaching methods you found particularly helpful, and suggest alternative methods that you feel would improve the course.

- I did appreciate the homework assignments that helped prepare us for the quizzes, but I would maybe offer the chance to get feedback on any missed test questions.
- I found the videos Mr. Jewell recommend to watch helpful.
- idk
- Having all the materials posted to Canvas was great. Having the blank homework and then solutions was helpful. The quizzes then exam progression was also beneficial. Ordering/ chapter numbering the notes would be extremely helpful as well as being a little more clear with what chapters/ slides go with which homeworks.
- The professor provided us numerous resources and communicated his thoughts and intentions clearly to ensure his students' success.

20 - Would you recommend this instructor to a friend? Yes or no? Why?
